

Seth is originally from West Virginia in the US. He's got a bachelor's degree in Chemical Engineering from Cornell University. His love of teaching and travel brought him to the Czech Republic, and he has stayed here for his love of the culture, nature, and hiking. All of these interests, his love for science, culture, nature, are brought into his lessons to help teach children about living a healthy and happy lifestyle.

Jackson is originally from Canada but has been living in Prague since the beginning of 2022. He has a Double Bachelors in English and History from the University of Manitoba. He aims to teach his students in a way that is fun, engaging, and welcoming, encouraging students to confidently speak English in class without a fear of being wrong or making mistakes. In his free time, Jackson enjoys reading, hiking, and travelling.
